

WESTERN CAROLINA RADIO CLUB

"Skyhawks"

A private radio control club

Radio control flying is a fast-growing hobby. WCRC is dedicated to the advancement of the hobby in all areas. We are chartered by the AMA (Academy of Model Aeronautics, Club #759), which provides extra insurance for both the club and the individual members. The AMA also sanctions all types of R/C events nationwide and provides an excellent magazine for its members. AMA membership is required to fly at our field. Non-AMA members may be offered a flight on a "buddy box" in order to get a taste of R/C. WCRC has been chartered since 1964.

WCRC averages 100 members or more each year and membership is never closed or limited. We welcome anyone who is interested in R/C flying. Several types of memberships are available, including Adult, Junior, and Family. Membership Applications are available from any Officer, and on our website. We offer free, fixed wing, flight training by club-certified Instructors. No one is allowed to fly unless certified capable by an Instructor. WCRC members fly all types of aircraft, from simple trainers to giant scale, jets and helicopters. We are an active club, and several flying and non-flying events are planned each year. The Club holds business meetings at the [Carolina Fine Food 625 SE Main St Simpsonville, SC 29681](#). The meetings are the 3rd Monday of each month starting at 6:30 PM for food and fellowship and 7:30 PM for the business meeting. The club Newsletter, "The Skyhawk Report", keeps the members-at-large well informed, (Currently on Hold). Feel free to stop by whenever the gate is open, and a member is present. If you want to learn more about R/C, WCRC, or want to get started in R/C flying, please talk to any of our members. We'll be glad to help you in any way. WCRC has always been known as "the friendly club", and we intend to keep this reputation. Please visit our website - <http://www.wcrcskyhawks.net/> for additional information.
