## From The Treasurer

On Saturday, December 1, 2018 we plan to have a work day at the field. We will begin salvaging operations. The first order of business will be to remove the electrical outlets along the chain link fence followed by the fence itself. If the weather prohibits activities, we will try again the following Saturday, etc. We will officially cease flying as of December 14, 2018. We need to remove everything that we want to save by December 31, 2018. I will send another email with some more details about the other field assets and our plans for them.

On Monday, December 17, 2018 we will gather at the A&P in Greer for the annual Yankee Swap Christmas party. As usual, eating starts at 6:30 – some people start earlier – and the meeting will begin at 7:30 followed by the Swap Fest. If you want to participate in the exchange, bring a wrapped, RC related gift valued at \$20, plus or minus a couple. More is OK just don't get carried away.

Mark Sumner won the bidding on the carport.

# Sign Off

I wrote the first of these newsletters in September of 2004 at the request of my best good buddy Steve Dunann. I readily accepted the assignment and have since produced nearly 170 of them. Gladly. It has been a pleasure to serve the club and all of its members for the past fourteen or so years. However, since it appears the club will be “without field” for an unknown period of time Bob and I agreed that this would be a good time to cease publication of my little letters, at least for now. Actually, I will miss the monthly task of writing them ... I have really enjoyed doing that. But, things change, as we all know too well in this case, so the only course moving forward is to go on to the next “thing”. I wish every member the best in the future and look forward to the time when the WCRC flag will once again fly over our own field.
